## ENDOWMENT DRIVE PASSES QUARTER MARK!

Contributions to the Alumni Association treasury for the endowment fund drive thus far amount to \$1,107. In addition, signed pledges total \$1,470 to bring our current project returns to \$2,577, or slightly over 25% of the \$10,000 goal set for this year.

This attainment represents the cooperation of about 125 alumni which indicates a 10% participation of the total membership of the alumni association. Most of the gifts thus far are from individuals; only partial or estimated reports have been received from the alumni chapters who are working on this project unitedly.

The \$10,000 goal still looms large and will require a continued drive on the part of chapter leaders as well as cooperation and response from each individual to make our ambition a reality.

If you have not made your endowment fund contribution as yet, why not send your check immediately to the Bryan Alumni Office while the matter is fresh on your mind. Our aim this year is some response from each alumni member. What is your response?

### SPECIAL ABBREVIATED EDITION

The special plans and preparations for the centennial celebration of Mr. Bryan's birthday have required extra time; hence we are bringing you a late and brief bulletin of project progress until a fuller issue of BRYANETTE can be printed.

YOU CAN DOUBLE YOUR GIFT...  
IF... you are employed by one of a large number of corporations who match any gift of their employees to a school they have attended. When you write your next check to the Bryan Alumni Association, why not check with your employer concerning this policy. One alumni gift has already been doubled by this plan--\$70 became \$140!

## OUR NEW BRYAN BABIES--
